

COVID-19 Vaccination second dose update (25-03-2021)

RD&E –

Advice for frontline social care staff on second vaccinations - RD&E

Your flexibility in attending your second dose appointment on the date given in the letter is appreciated to ensure we can meet the ongoing demand for both first and second doses. [The letter from the RD&E Hospital](#) (*within the underlined text is a hyperlink to a letter for Wonford*) does provide an RD&E email contact that you can use if in exceptional circumstances a staff member is unable to attend the date of the second dose vaccination, as shown in the letter. The Hospital staff will do all they can to re-schedule the appointment to a convenient date and time in these exceptional circumstances.

Westpoint – 2nd vaccinations are to be booked through NBS
