

Empower yourself to support glaucoma patients and prevent sight loss

Do you work as non-clinical staff in a pharmacy or opticians?

Discover an exclusive opportunity for **free** glaucoma training and help shape future programmes for our charity. Join our pilot project this summer!

In just **one hour**, our comprehensive course will equip you with essential knowledge, enabling you to:

Understand what glaucoma is and its impact on vision.

Assist patients in overcoming challenges related to eye drop administration.

Learn about eye drop dispensing aids (complimentary box provided).

Explore alternative treatments for glaucoma.

The course can be done either face-to-face or via video link and will equip you with the skills to make a real difference. It will enable you to boost the confidence of patients in managing their glaucoma, so they can avoid unnecessary irreversible sight loss and retain independence.

The training runs for a limited time only so please contact **professionals@glaucoma.uk** to book or find out more.

Glaucoma UK is the operating name of the International Glaucoma Association.
Charity Registered in England & Wales No 274681 and in Scotland No SC041550.
